PURSUANT TO 40 CFR PART 60 SUBPARTS AAA AND QQQQ 2015 STANDARDS OF PERFORMANCE FOR NEW RESIDENTIAL WOOD HEATERS, NEW RESIDENTIAL HYDRONIC HEATERS AND FORCED-AIR FURNACES

Disclaimer: The statutory provisions and the EPA regulations described in this document contain legally blinding requirements. This document is not a substitute for those provisions or regulations, nor is it a regulation itself. In the event of a discrepancy, please refer to 40 CFR PART 60 Subparts AAA AND QQQQ, Sections 60.533 and 60.5475. This document may be revised periodically without public notice. If you have additional questions, please contact Rafael Sanchez at 202-564-7028 or via small at sanchez-rafael@epa.gov.

- The manufacturer of an effected wood/pellet heater/central heater model line must notify the Administrator of the date that certification testing is scheduled to begin by email to WoodHeaterReports@epa.gov.

 This notice must be received by the EPA at least 30 days before the start of testing.

Re: Establishment Registration

93730

SHENZHEN ZOLITION ELECTRONICS CO., LTD

Attn: CARRIE NOLAN 7217 LANCASTER PIKE, SUITE A HOCKESSIN, DE 19707 USA

Dear CARRIE NOLAN:

The information provided below serves as notification of registration of the pesticide-producing establishment(s) for which you applied, pursuant to Section 7 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). Each registered establishment is assigned a unique establishment registration number. This establishment registration will remain in effect, provided pesticide reports on production and sales or distribution amounts are submitted annually as required. (See computer printout on Page 2).

Part 167 of the Code of Federal Regulations (40 CFR) requires your company to submit an Initial report for Pesticide-Producing Establishments, EPA Form 3540-16 within 30 days of receipt of this letter. EPA Form 3540-16 can be completed electronically, instructions for completing the form electronically can be found at https://www.epa.gov/compliance/electronic-reporting-pesticide-establishments. Please note that the report asks for production amounts for year 2017.

In addition, you have the option to submit your company's Initial Report(s) and subsequent annual report(s), electronically! EPA has created an optional electronic reporting system for pesticide establishments using the Section Seven Tracking System (SSTS) through EPA's Central Data Exchange (CDX). (See Page 3 for more details).

Failure to submit your Initial report(s) within 30 days may subject your establishment(s) to an administrative civil penalty.
